MEMORANDUM FOR: Director of Personnel

SUBJECT : Covert Recruiting

25X1A

25X1A

1. [REDACTED] has answered our questions in part on covert recruiting, and [REDACTED] memo is helpful.

2. We are not clear on whether covert recruiting is primarily the responsibility of the CS, or whether the Office of Personnel has a charter in this field.

3. Are you pretty well satisfied with current arrangements or do you feel that CIA needs better covert recruiting machinery?

4. It occurred to us that perhaps the Office of Personnel could play a larger role in recruiting key people for CS projects - proprietary and others.
